

Ministry Report for The Task Force on Hunger

The Task Force on Hunger members are volunteers from congregations throughout the Diocese. The committee meets every 2 months. We support food/hunger issues within the Diocese. TFH does this by funding food ministries through a grant applications process, raising awareness about hunger related issues, advocacy and as a resource to food ministries in the Diocese.

In 2020 we were able to grant 7 food ministries. Then Covid -19 came. The TFH was blessed with a matching grant up to \$30,000 by Bishop Johnson. With this incredible grant the TFH was able to give a additional monies to 8 food ministries.

The TFH receives money from the Episcopal Diocese of Missouri budget, fund raising and donations. The THF is very grateful for the financial support that it receives.
